Dear HR,

This letter is to express my interest in your actual position, with hands-on experiences using .Net technologies to create amazing applications web and windows, i am really confident i will be asset in your company.

I enjoy work in projects that can be a challenge to me and require all my energies and knowledge and allow introduce new techniques of development.

Your listed requirements closely match with my background and skills. A few I would like to highlight that would enable me to contribute to your bottom line are:

- Highly skilled in designing, testing and developing software.
- Thorough understanding of data structures algorithms and OOP.
- Knowledgeable of back-end and front end development best practices.
- Hands-on software troubleshooting experience.
- Proven track record of proper documentation for future maintenance and upgrades.
- Team work experience, and using agile in projects.

Sincerely,

Angelo Cardona
